Arenas | 2020 | 2021

# SKILLS ZONES

## Circus Skills Zones

The big top fills with laughter and cheering as families work together to master all the skills of the circus.

Away from the rides and stalls the enclosed skills zones provide a hands-on circus experience for all ages. Great for team building, exercise and getting fit. Our workshops build self-confidence and co-ordination but are mostly just a great way to have fun.

Choose from mixed skills or braving the slack line.

## Specifications

Our custom red and white big tops provide a traditional and functional arena for our qualified circus instructors to show off their skills and teach you some new ones.
